

CENTRE FOR AGEING BETTER

Trustee Up to one day per month

The Centre for Ageing Better is an independent charitable foundation funded by an endowment from the Big Lottery Fund and part of the 'What Works' network. We bring about change so that more people today and in the future benefit from their longer lives. We know what makes for a good later life; we know who is at risk of missing out. We've identified the changes we want to see and have begun work with and through others to make a significant positive impact.

Our organisation is moving from successful start up to become a major player in shaping the future of our ageing society and shifting attitudes and behaviours. To help us realise our ambitions, we're refreshing and growing our Board and are looking for a new trustee to join our Board who brings deep experience of later life issues. In addition to this, a sound understanding of governance, and the ability to work well in a group, will be essential. You will also share our commitment to ensuring the views and voices of people with lived experience underpin our work and have a personal passion for the issues we are working on.

We are particularly keen to attract candidates who enrich our diversity as a Board and who live outside of London and the South East.
